

External Transfer Service Agreement

External Transfers are a convenient and safe way to move funds from your accounts at PlainsCapital Bank to your accounts at other financial institutions. External Transfers are designed to send money only to and from accounts that you own. External Transfers are not designed as a method to pay another person (P2P) or pay bills.

Important Tips When Setting up and Using the External Transfer Service.

- External Transfers can only be created by an individual owner or joint owner of an account.
- External Transfers can only be sent to accounts within the United States.
- Only checking and savings accounts are eligible to send External Funds Transfers. Please refer to the Deposit Account Agreement for more information regarding monthly transaction limits for savings accounts.
- To make an External Transfer, you will need to know the account type (i.e. checking or savings), the routing number, and the account number of the external account.
- Once the External Transfer account information has been submitted, the Bank will conduct two small transactions (under \$1) to validate the account information. This process generally takes between one and three business days. You will need to verify the exact amounts of the small transactions by reviewing the account history of the external account.
- To complete the setup process, login to Online Banking, select Manage External Transfer Accounts, and enter the two amounts sent to the external account.
- Once the External Transfer account has been verified, it is available for External Transfer transactions. Transactions can be one-time, recurring, or scheduled.
- The cutoff time to process an External Transfer is 6 p.m. Central Time, on business days. If the External Transfer is completed before the cutoff time on a Business Day, your account will be debited that evening. If you complete an External Transfer after the cutoff time, your account will be debited the evening of the following business day.
- If sufficient funds are not available to complete a Scheduled or Recurring External Transfer, the transaction will not occur.
- An External Transfer can only be cancelled if it has not yet been processed.
- External Transfers count toward your monthly allotment of bill payments. Additional External Transfers over your allotment will be assessed a fee of \$1.00 per transfer. Please see your account details for more information on your total monthly allotment of bill payments, People Payments (P2P), and External Transfers.

You should review account-related agreements and fee schedules for any applicable fees for limitations on the number of transactions you can make, liability rules for electronic fund transfers, and for other restrictions that might impact your use of an account with Online Banking services or transfers outside of PlainsCapital Bank.

PlainsCapital Bank reserves the right to impose limits on the amount of money that can be transferred as well as the number of External Transfers performed per day and per month. Please contact Customer Service at 866.762.8392 for more information.

PlainsCapital Bank is not responsible for:

- How or when externally transferred funds are applied to the external account
- Inaccurate information, incomplete information, or misinformation entered by the customer
- Force majeure events causing delays or preventing the processing of an External Transfer
- External Transfers that are returned by another bank
